Place of Birth:	England	Canada
Parents:	George Pulleyblank Agnes Pulleyblank	William Broughton Aleda Broughton.
Witness:	Mrs. Dellamatter, St. Marys, Ont.	
Minister:	C.S. Eastman, Methodist Episc. Church.	

Hulda Ann Broughton was the daughter of Aleda Rutter and granddaughter of George Rutter, the original U.E.L. of Adolphustown, and grandmother of Helene Strahm.

OBITUARY.

HULDA ANN PULLEYBLANK.

Mrs. Hulda Ann Pulleyblank whose maiden name was Broughton, was born near Kingston, Ont. about sixty years ago, and died at Lakeside, Ont., June 13, 1891. She was savingly converted about 30 years ago at a camp-meeting conducted by Rev. Messrs Bristol and Card; became an active and consistent member of the Methodist Church and continued to adorn her profession till the end of life. During the earlier years of her christian life she was very useful in revival meetings and found great joy in leading souls to Jesus. Latterly, she had very poor health, suffering much from an affection of the heart, but she continued cheerful and hopeful, ever enjoying the company of Christians especially the Ministers of Christ to whome her house was ever open, her now sorrowing husband being like-minded in this regard. Her death, although not altogether unexpected was very sudden, but her loved ones have the consolation of believing that though the Master came suddenly, he did not find her sleeping, but waiting and that she is now forever with the Lord.

After an impressive service in the McKim Church, which was filled to its utmost capacity, the body was interred in the cemetery at Lakeside to await the resurrection of the just. Three sons and one daughter join with the companion of her life's joys and sorrows in testimony to her faithful life.

"Her children rise up, and call her blessed;  
Her husband and he praiseth her."

Her daughter is: Mrs. Elizabeth Ann Oddy.  
Her sons are: George, Wesley, Andrew and William.

OBITUARY.

WILLIAM HENRY PULLEYBLANK  
FORMER ST. MARYS' COUNCILOR DIED

William Henry Pulleyblank, 80, former well known building contractor who worked on many schools and churches in Western Ontario, and former St. Marys Town Councilor, died Sunday morning at the home of his daughter, Mrs. P.M. Lawrence, 62 Youngs St., Stratford, Ont. He had been ill for some months. Mr. Pulleyblank, native of Oxford County, was born on Jan. 15, 1868, son of the late Mr. & Mrs. Samuel Pulleyblank and grandson of George & Agnes (Cole) Pulleyblank. For some years he conducted a construction contracting business from his home in St. Marys, retiring about 15 years ago. He came to Stratford to live with his daughter about eight years ago.

Among the buildings for which he had contracted were Juliet Public School in Stratford, additions to a public school in St. Marys, additions to hospital at Goderich and churches in St. Thomas, Mildmay and other centres. He built the Post Office and Customs House at Leamington. While in St. Marys he served several terms on the St. Marys Town Council and played a leading part in many municipal undertakings.

He was a member of the First Presbyterian Church, St. Marys and served for some years on the church board. He is survived by two daughters, Mrs. P.M. Lawrence, 62 Younges St., Stratford, Ont., and Mrs. C.C. Strahm, Toronto, Ont; and one son Earl, of Essex, Ont.

The remains are resting at Greenwood-Gilbert Funeral Home 46 Erie St., Stratford, where funeral service will be held Tuesday at 3.3. p.m. Interment will be in St. Marys Cemetery. Stratford, Ont. 1948.

Dear Dr. Burleigh:

In this letter I am enclosing five sheets of information about the Rutter family and two additional sheets on epitaphs which might be of interest. Sheet number one shows the descendants of George and Elizabeth Rutter via Alida Meyer Rutter and her son John and also her daughter Hulda Ann who was my grandmother.

In most families somewhere along the line, a person who is interested in family history always seems to appear. In one branch of the Rutter family that I am enclosing with this letter, Mrs. D. Kleinsteuber of R.R.#1, Tweed, Ont. is such a person. (see sheet number two) I didn't know she existed until the summer of sixty six, when I heard about a Rutter reunion. Mrs. Clarence Rutter's name was in the Picton Gazette and when I wrote to her she referred me to Mrs. Kleinsteuber.

At the present time Mr. Kleinsteuber is seriously ill in the Kingston General Hospital. Mrs. Kleinsteuber is staying with a sister of her husband, who lives near Kingston, but I do not know the sister's married name.

Sheet number two shows the family tree of the Rutters living mostly in the Bay of Quinte and the Hungerford Twp. area. I got most of this information in the Ontario Archives and some from Mrs. Kleinsteuber. As you will notice I have been able to trace them back as far as Alexander, who was born in Ontario in 1817. My problem now is to relate Alexander to the original George Rutter. He could have been the son of Michael, the eldest of George Rutter's children, and I base this on some of the data that I have been able to find regarding Michael which is contained on sheet number three.

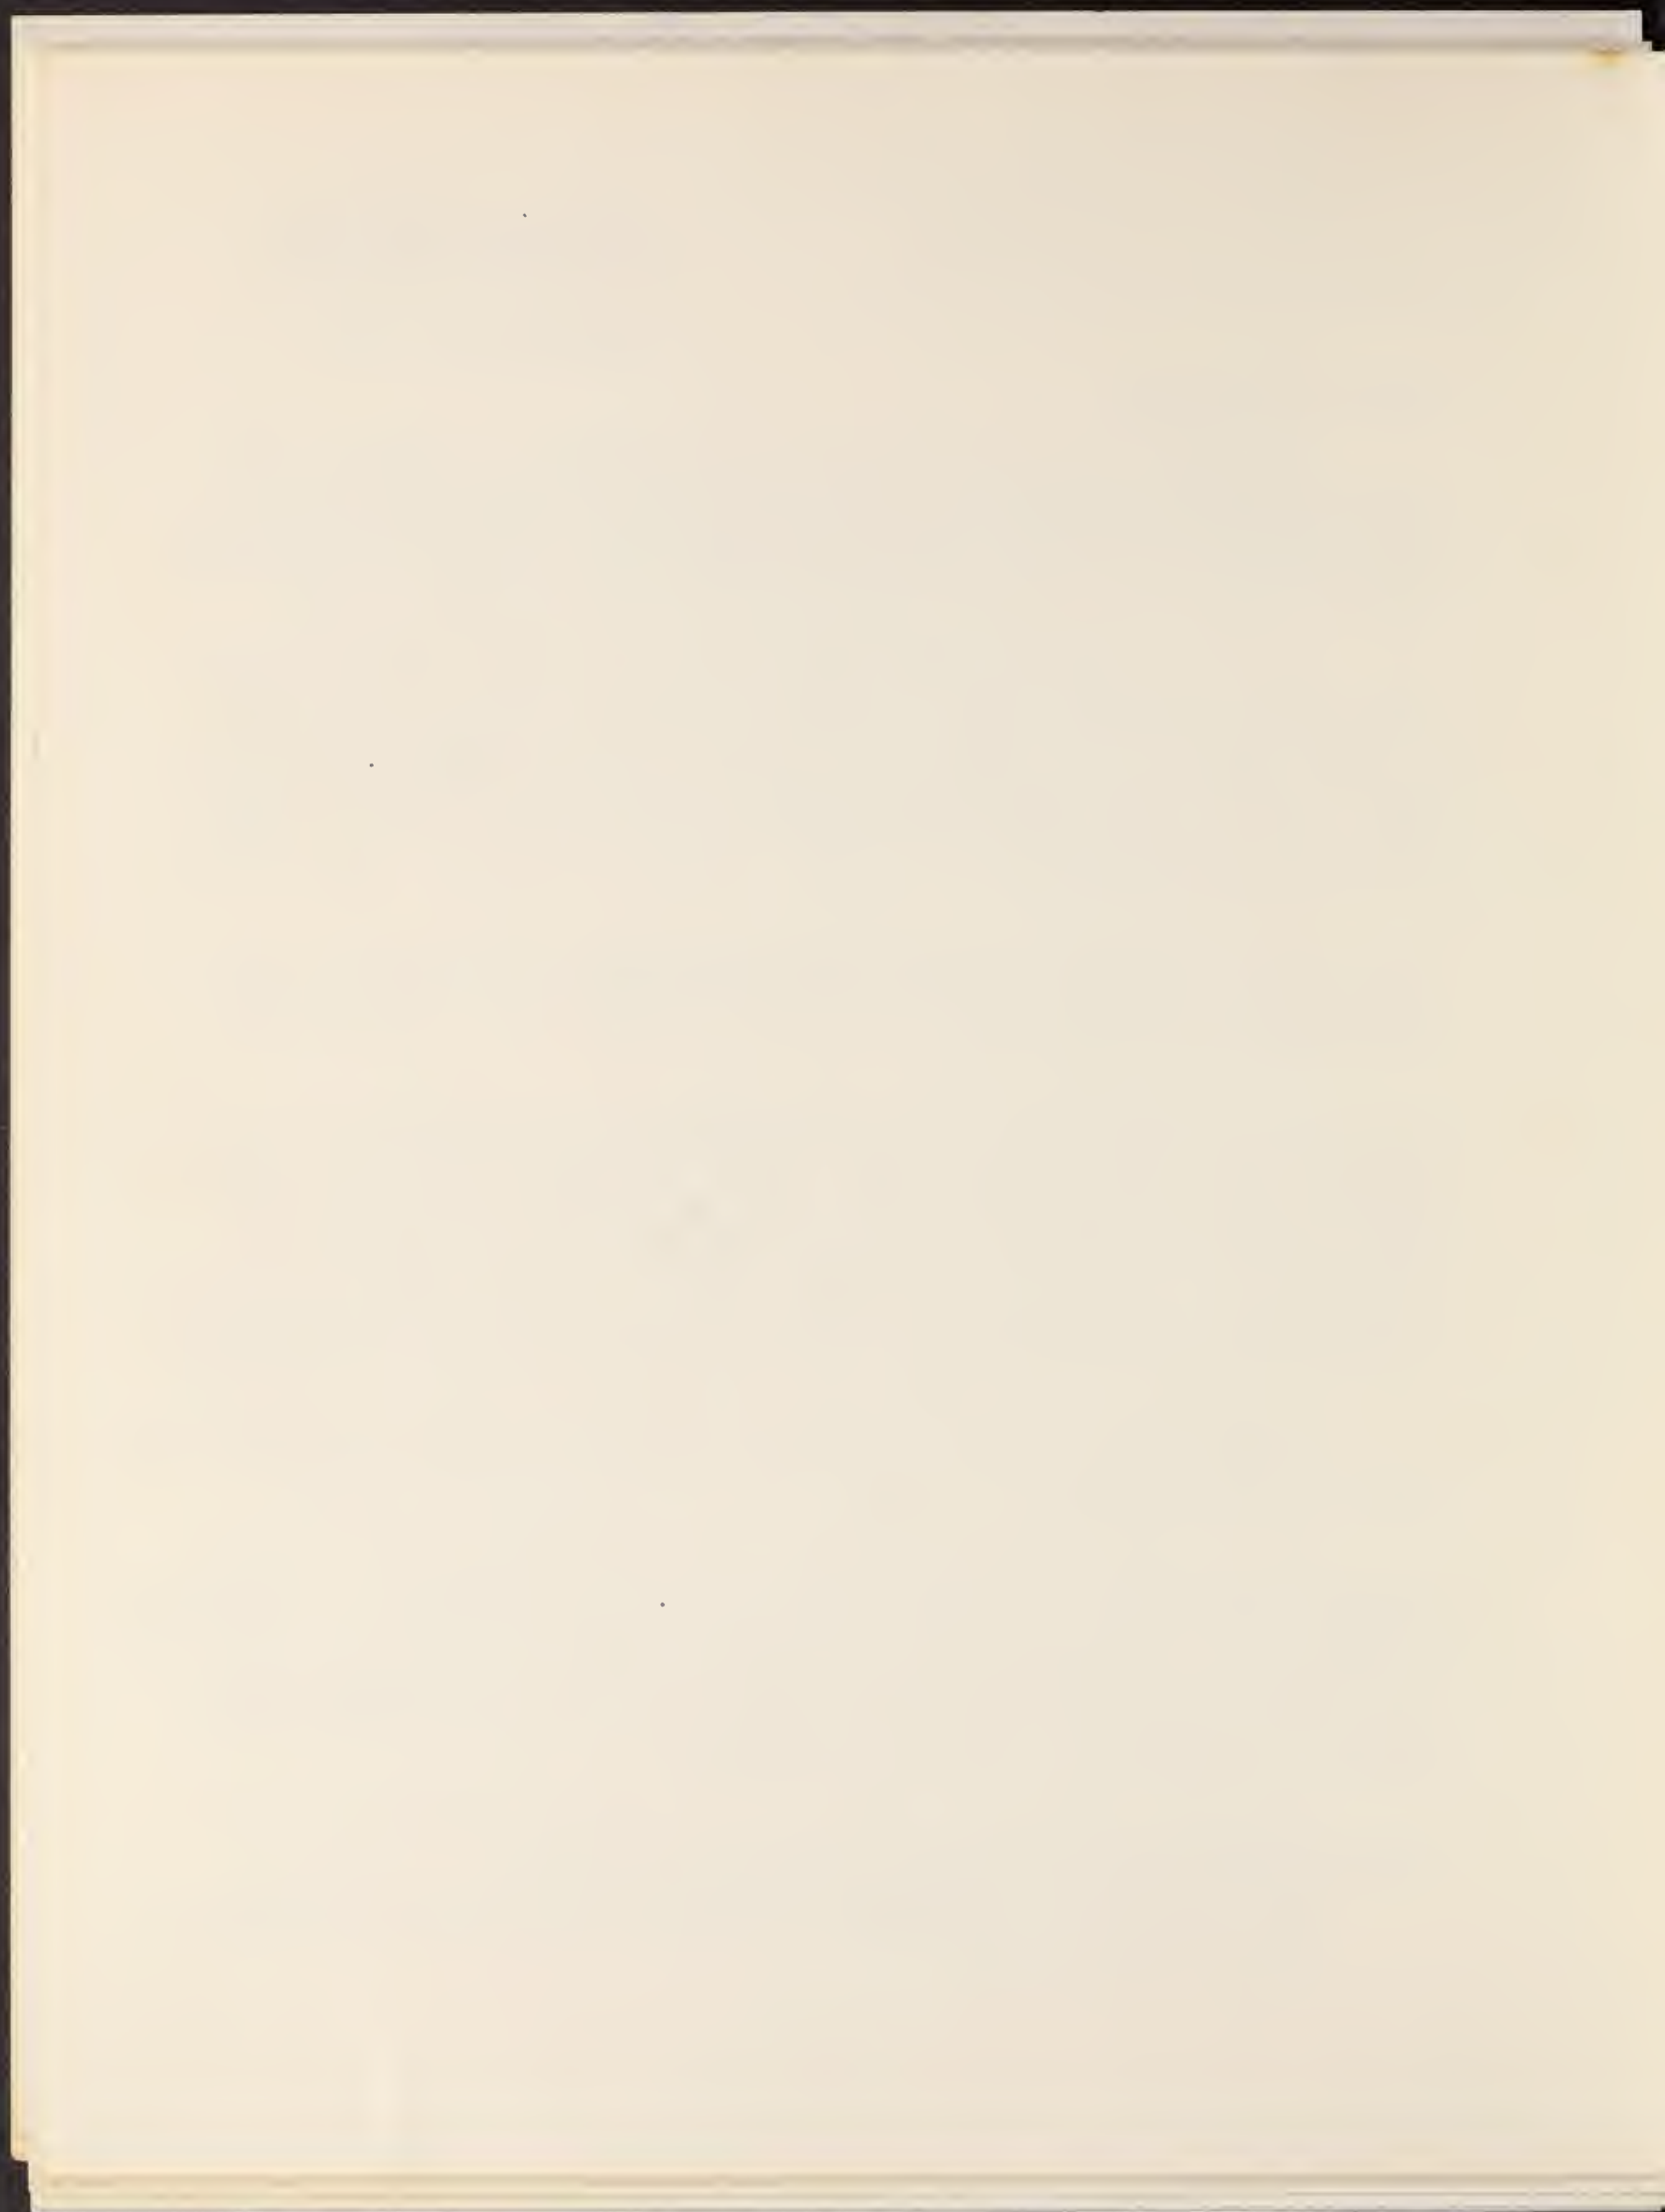

Sheet number four contains one line from George Rutter through his son Alexander VanAlstine Rutter, and sheet number five is a line through another son John.

My husband has retired and he now spends some of his time looking for information about our family. Our card index is growing. Finding the maiden name of Elizabeth, the wife of George Rutter U.E. is the hope that is nearest to my heart. The name Alexander seems to appear in nearly every branch of the family. I wonder if her name could have been Allen or VanAllen and if she is in some way related to the Meyers and the VanAlstines.

I think the Rutter name may be of Huguenot origin. In the book, Norman People, the name appears as follows:

Rutter, for Rotor. Fulco des Rotors, Normandy, 1180-95.  
Fulco de Rotor 1198(Mrs); Richar and Thomas Rotor or Rotour,  
Engl. c.1272 (RH).

MICHAEL RUTTER

Michael Rutter was the son of George and Elizabeth Rutter, U.E.L. He was born in Adolphustown Twp. about 1787.

The official records of Adolphustown which contained the annual census for the years 1794 to 1822 inclusive (Napane Museum, Napanee, Ont.) shows that Michael was living in Adolphustown in 1820 and 1822, and had four children, three sons and one daughter.

Being a son of a U.E.L. and 21 years old, he petitioned and was granted 200 acres by the Crown(O.C.1808). On Feb. 17, 1808 he located on lot 49, con. 9, in Camden Township, Lennox and Addington County (Fiat #1144).

In 1834 he sold the 200 acres to his brother John for 200 Pounds, and in 1844 John Rutter sold the 200 acres to Ben. Alcott for the same amount, 200 Pounds.

Oct 5, 1972

Dear Mr. Strain:

It is more than a year since I last directed a letter to you, and I am hoping that you are alive and living in the same place.

I am enclosing a pamphlet, written by me, and read before the local group of white women of the United Negro College Association in 1965. As you will note, it has to do with one of the most dramatic episodes of the Mexican Revolution, and one in which our ancestors took an important part.

You will note that about seventy-five men took part in this defense. I have spent years of effort in an attempt to locate the names of these men, and to date I have about a hundred, including a surgeon, a pilot, and some, I believe, officers.

Additional copies are on sale by our local branch of the U. N. C. A. Association at 25 cents each, in case you wish to have more.

For some time I have felt that we who are descendants should have some kind of association to honor these brave men. What do you think?

Yours sincerely,

H. C. Burlingame.

Dear Mrs. Strahn:

I have your letter of 4th Inst., relative to search for the wife of George Rutter while in Albany, New York, in the near future.

I have been second-thinking in this regard and I consider it unwise and likely useless for your purpose to undertake this consignment. I am sure that, after reviewing my reasons, you will agree with me. These are, as follows:

1. George Rutter had no recorded family when he was listed as a settler in Adolphustown in October, 1784. Nor is there any mention of his having a family. He may well have married in the period Oct., 1784, and the Arrival of the Rev. John Langhorn, Anglican Missionary, in October, 1787. During this interval, marriages were performed by the Administrative Officers chosen until suitable arrangements could be made for civil authority. Therefore, he may have married a relative of some Loyalist, at the hands of Major Van Alstine. If that be so, then the surname of Elizabeth might be most difficult to ascertain.
2. It is extremely unlikely that Rutter's wife, if they were married before Sept., 1783, (when the group came from New York by sea) was left behind, and came on later. If she did, she must have come by land--a three hundred mile journey.
3. As Rutter was 34 years of age in 1784, he may have been married before 1783, and may have lost his wife, only to re-marry in the period 1783-1787.
4. A review of the children of George Rutter who applied for land shows them to be divided into two groups--the first five children drew land from 1808 to 1819; the second group from 1830 to 1835. This makes me suspect that the first group were children of George, Senior, and the second group were the children of a George, Junior. This is not surprising, as a similar error occurred in the two Peter Ruttans, father and son.
5. The Albany deal would involve search through indices of sixty volumes of the New York Historical & Genealogical Society. In addition, a search would have to be made in church records of all parishes along the Hudson River, both in New York and New Jersey, as well as a look into the Van Alstine and related families.

Thus, you will see, I hope, good reasons why I recall my promise. The search in item 5 might take more hours than I wish to allot to you. Moreover, if the fee varied from \$1.00 to 5.00 per hour, it might be more than you cared to undertake. So, perhaps it would be wiser for you to tackle this on your own at some later date. If you do this, I can give you some pointers, seeing that I have visited there biannually for 30 years.

Sincerely,

119 Upper Canada Drive,

Dear Dr. Burleigh;

I wish to thank you for your letter of April 28, 1966.

You mention going to New York or Albany twice yearly to search American records. I would appreciate it very much if, on your next trip, you would look for some reference to the marriage of George and Elizabeth Rutter, which would no doubt reveal her maiden name.

Please advise me what this particular search would cost me.

Yours truly,

Dear Mrs. Strain:

It would seem, after reviewing my BUTTER file, that I have two of your letters to answer. For this I apologize. I am much better at talking than writing. As you say, I am a busy man. Although I am semi-retired as a general practitioner, I am still seeing those of my neighbors and friends who need help. In addition, being intensely interested in the genealogy of our early families, I spend a good deal of spare time making additions and clearing attacks on uncertainties contained therein. Also, people such as yourself write, asking questions and advice. I can safely say that my life is a busy one.

I wish to thank you for the photostats regarding George Butter. These have given me the name of another person who was in the Block-house in Bergen Wood, which, I hope you recall, was the subject of my paper read before the Branch on March 3, 1965. In this regard, I am satisfied that George Butter was present when it was attacked by General Wayne in July, 1761. I say this even though two statements contained in these photostats differ from my information. These are:

1. Butter's statement that he joined the Royal Standard in 1763. This may be true in a sense, as it was in that year that semi-military arrangements were made to forward Loyalists to Canada by sea. Actually, he with others who defended the Block-house in 1761 were not enlisted regular soldiers in the latter year, but were earning a living by supplying the Army with firewood. I suggest that you re-read my paper, adding Butter's name to the known participants.
2. I cannot, at the moment, account for the use of the name Flanagan for the Block-house. Still, I am convinced that it refers to the same attack. Perhaps the answer may be found some day.

The two affidavits, those of John Barnett (not Barnett) and John Everett, confirm that Butter was present. If you look over the above-mentioned paper you will find that the Burnetts, along with my ancestor, were in the action in 1761. Furthermore, Burnet signed similar affidavits for others who were there at the time.

Your query as to cost of discovering the maiden name of Elizabeth, wife of George Butter, is something else. There is no way to make an estimate. It is like looking for a needle in a hay stack. It might be in the first handful, or it might never be found after a year spent in removing the blades of hay, one by one. All that can be done is to search known local sources, looking for clues that might supply a lead. And all this depends on how much you wish to spend.

The most urgent necessity is to search American records, and in this connection I go to New York or Albany twice yearly for several days. If you consider it advisable, I might take a look for some reference to the marriage of George and Elizabeth.

Let me know your thinking on the matter.

Sincerely, .

Dear Br. Burleigh:

Last May or June of 1965, I wrote a letter to Capt. Rogers. At this time I was seeking information regarding George Rutter, his wife Elizabeth, and William Broughton, and his wife Alida (nee Alida Rutter). Capt. Rogers passed my letter along to you.

Since that time I have found further information. After five hours of looking at microfilm in the Provincial Archives I found the marriage announcement of my great grand parents.

Died of general debility arising from old age, in the 3rd concession of the Township of Adolphustown, on Thursday, George Rutter, Sen., aged 98 years, 4 months and 28 days.

Mr. Rutter was born near Eslingen in the Duchy of Wirtemberg in Germany, and emigrated to New York at the age of 16 years, where he remained through the arduous and eventful struggle for Independence, warmly and sincerely attached to the Royal Cause.

At the peace of 1783, he and many of his Companions in Arms proceeded to Sorel (now William Henry) in Canada East where they remained one winter and thence they bent their course to Fredericksburgh and Adolphustown where the most of them, as U. E. Loyalists, drew lands and settled on them. Mr. Rutter drew a lot in Adolphustown on which he has always resided and reared a large family

He has for many years lived in the family of his son John, by whom and by all its members he has been treated with unvarying and the most affectionate kindness and tenderness. He was at an early age initiated into the doctrines

I am writing to you to inform you of the results of my research on the properties of the new material which I have discovered. The material has many interesting properties and I believe it will be of great value to the scientific community.

I have found that the material has a very high melting point and is very stable. It also has a very low coefficient of thermal expansion, which means that it does not expand or contract much when the temperature changes. This makes it a very useful material for many applications.

Dear Dr. Burleigh:

I received The Loyalist Gazette yesterday containing the Address given by you to the Bay of Quinte Branch at Napanee on March 3, 1965. This was most interesting, and how fortunate we are to have you to bring this part of Canadian history to our attention.

I am sending you a copy of the petition for land by my great great Grandfather George Rutter one of the first Loyalist settlers of Adolphustown. I have a duplicate copy so I won't need this one again.

I would like to take this opportunity to thank you for the letter you sent me in reply to the one which I wrote to Capt. Rogers. We went to the Synod office in Kingston and I also wrote to several places in the United States all with negative results .

John Rutter 1828--1908, Alexander Rutter 1834--1898 are buried in the Dorland United Church Cemetery in Adolphustownship. I think they would be the Grandsons of George and Elizabeth Rutter.

Peter Van Alstine's will in Osgoode Hall leaves four hundred acres of land to his nieces Ally Dorland and Scynthia Van Dyck.

In the book The Settlement of Upper Canada by Caniff, there is a mention of Colonel Stephen Burritt who took part in the war against the rebels, being seven years in the army, in Rogers Rangers. He settled upon the Rideau, the 9th of April 1793. In the same year was born Colonel E. Burritt who was the first child born of white parents north of the Rideau. This interesting fact was given to Mr. Caniff by Colonel E. Burritt in 1867. Colonel Burritt is a cousin of the Celebrated Learned Blacksmith . I think he means Peter Van Alstine.

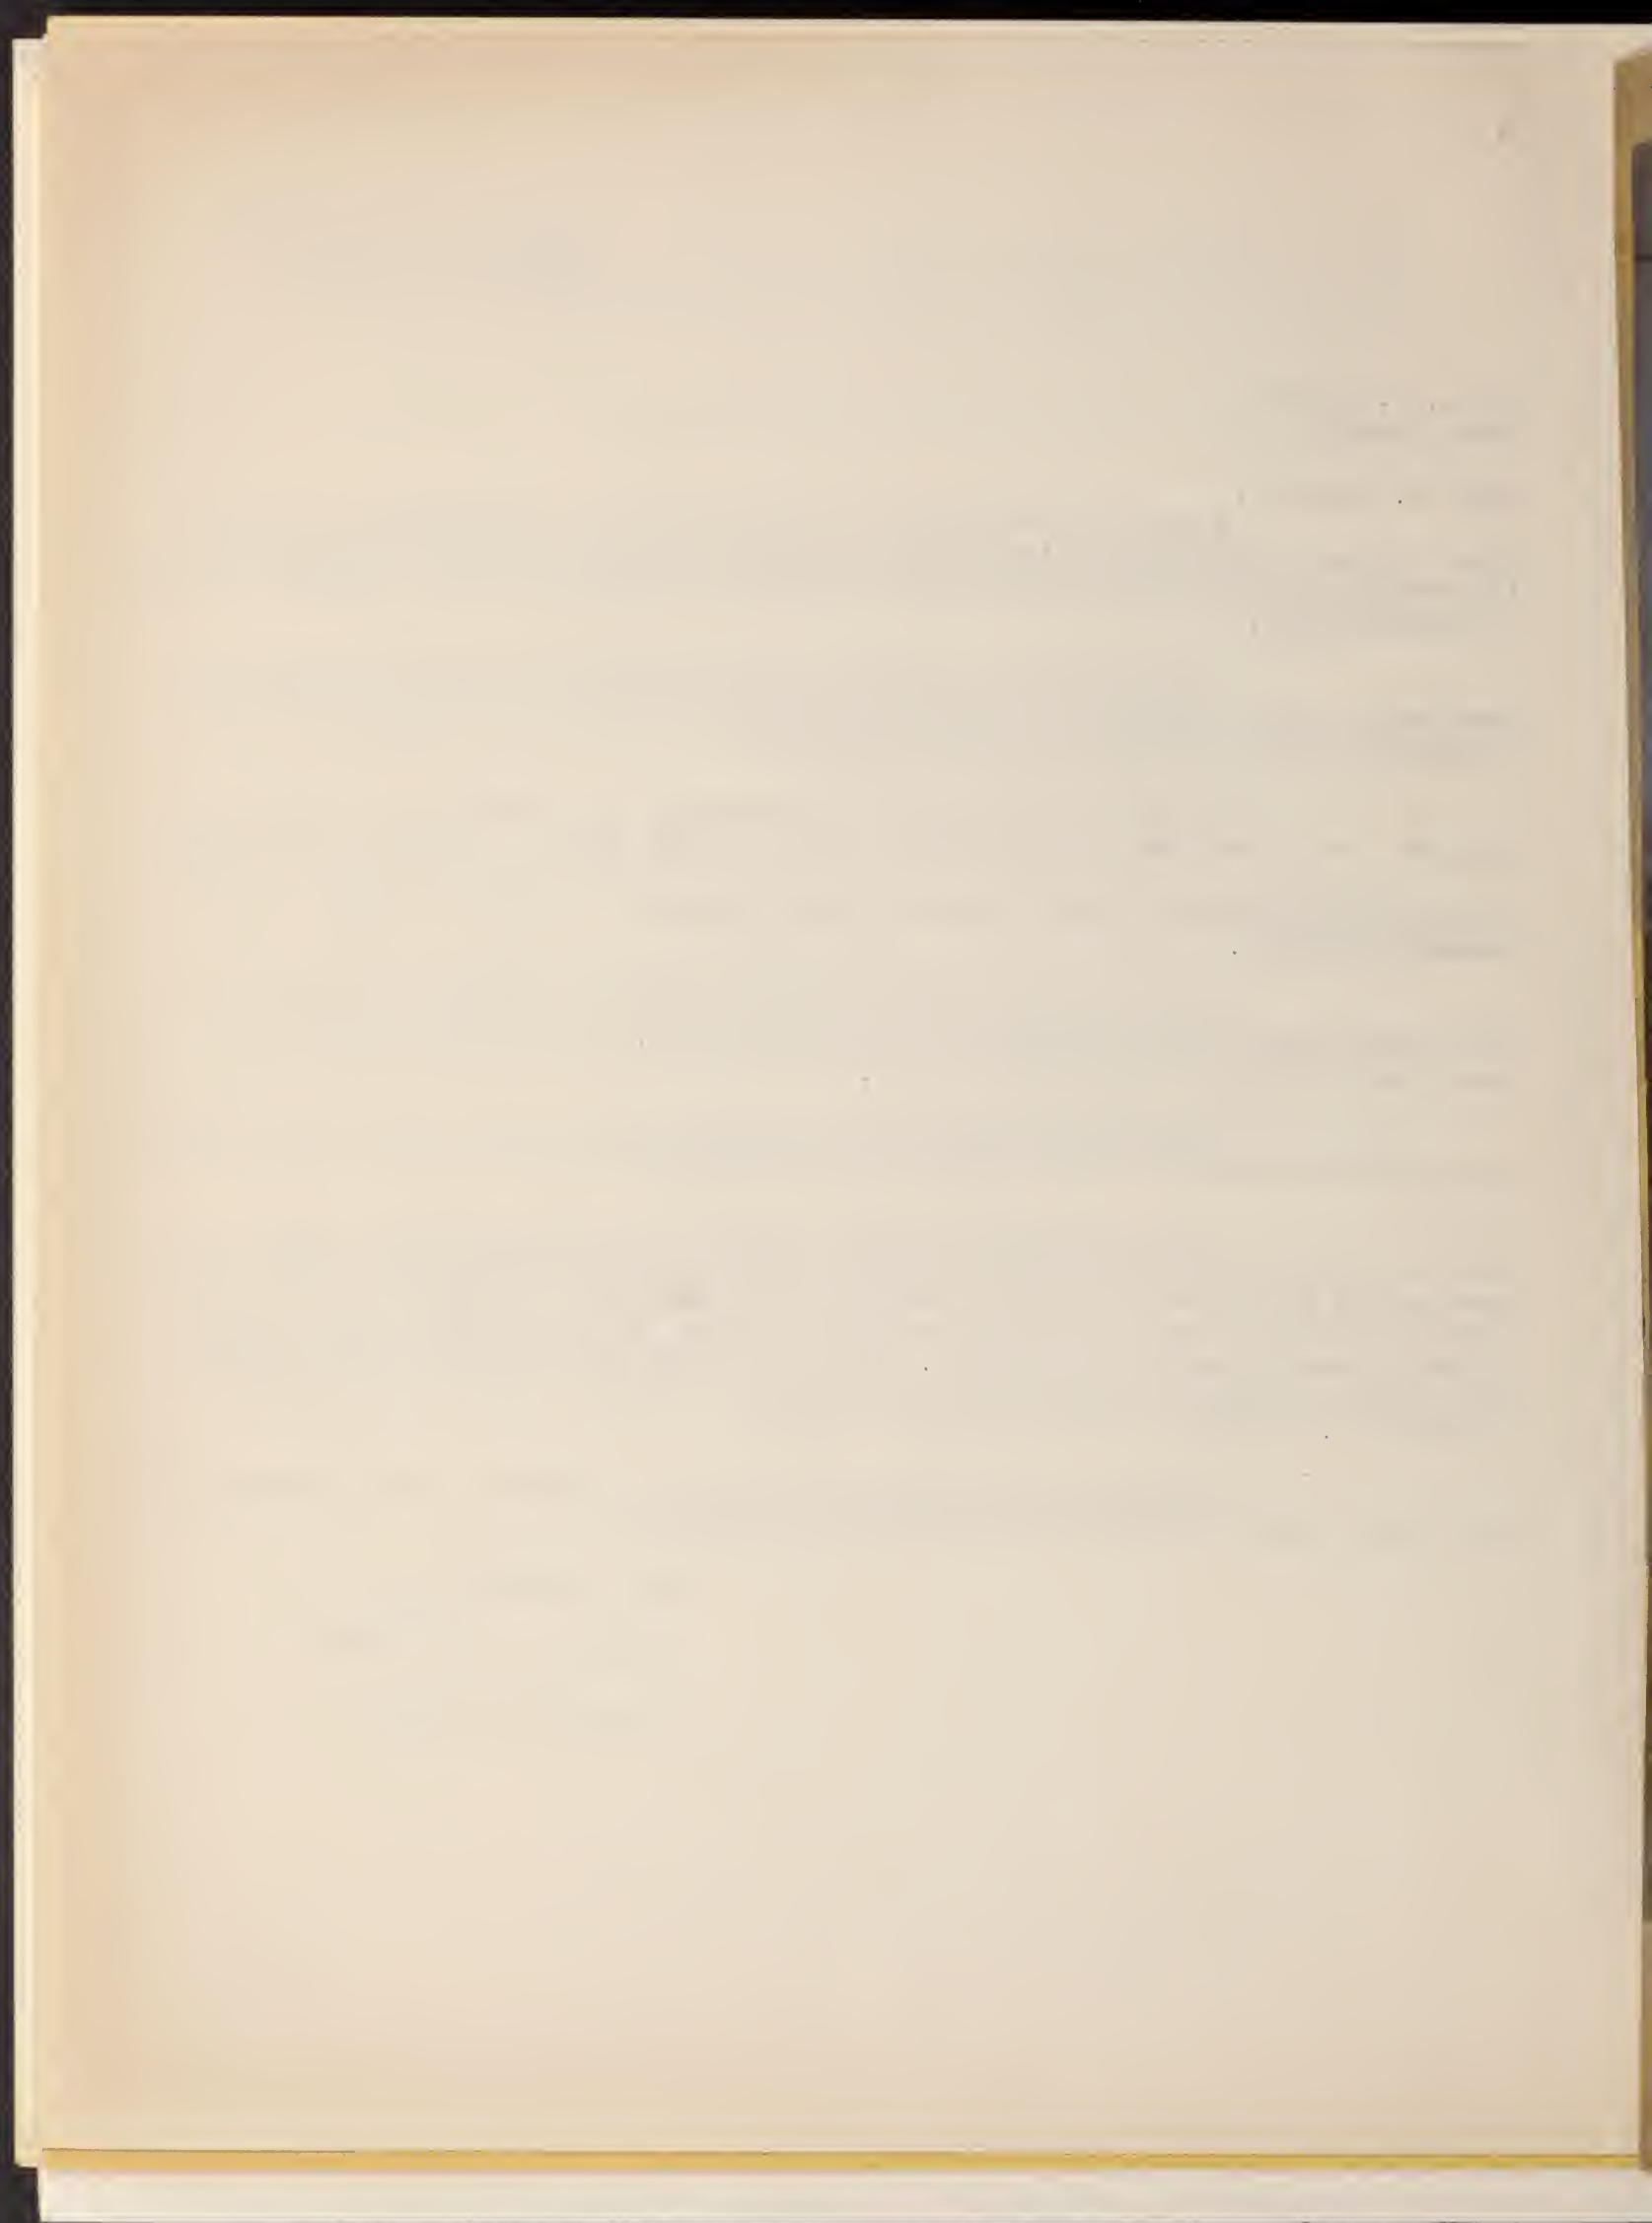

I know you are a very busy person Dr. Burleigh , and I do appreciate your taking time to answer my letter. Thank you very much

Yours sincerely,

Dear Helen:

Your letter addressed to Capt. (not Col.) Rogers was forwarded by him to me, he having no interest except in his own family, as I am the Genealogist of the Bay of Quinte Branch, U. E. L.

I am sorry that I am unable to answer your query regarding Elizabeth, wife of George Rutter. There are no standing gravestones in Adolphustown for any Rutters. I feel that search must be made in the Eastern States for record of the marriage of George and Elizabeth. The census of New York State in 1790 fails to mention a Rutter, although a Philip Rutter is found in Newfane Town, Vermont, in the same year. It is possible that they were married in Europe before arrival in America. If she was a Vanastine or Myers, it is possible to find the marriage in the region of Glaverack or Kinderhook, New York, from which regions these families came.

I can find no record of William Broughton. He married Alida after the date of her G. C., which was Dec., 1819. The Rutters certainly lived in Adolphustown until 1822, according to the census of that township. The Rutters were one of the very few Anglican families in Adolphustown. Printed church records of this area end in 1813, with the departure of Langhorn, the missionary. Records after this date for Bath and Fredericksburgh may be seen at the Synod Office in Kingston, and it is possible that they have a record of the marriage.

I have failed to find record of the Broughton-Rutter marriage in the following registers:

- McDowall (Reformed Dutch-Presbyterian) Register, 1793-1835.
- Stephen Conger Marriage record, Picton, 1807-1825.
- John Han Marriage Register, 1836-1838.
- Lutheran Church Records, 1794-1826.

I am sorry that I cannot be of more help to you.

Yours sincerely,

/ Dear Sir, Loyalist  
To-day I phoned The United Empire  
Association for information regarding the  
Rutler family of Adolphustown who arrived  
there in 1784 under the leadership of Peter  
Van Alstine.

I spoke with Marion Ketcheson  
from whom I learned of the death to-day  
of their genealogist.

This was a great shock for them  
and I am sure they had many things on  
their minds. However Marion Ketcheson  
was very kind and suggested you be-  
cause of your interest in the United Empire  
Loyalists.

In The Domesday book of Ontario there is a record of Allida Broughton wife of William Broughton obtaining 200 acres of crown land in Oxford county, townships of East Nissouri. It also states that she was the daughter of George Rutter U. E. Loyalist.

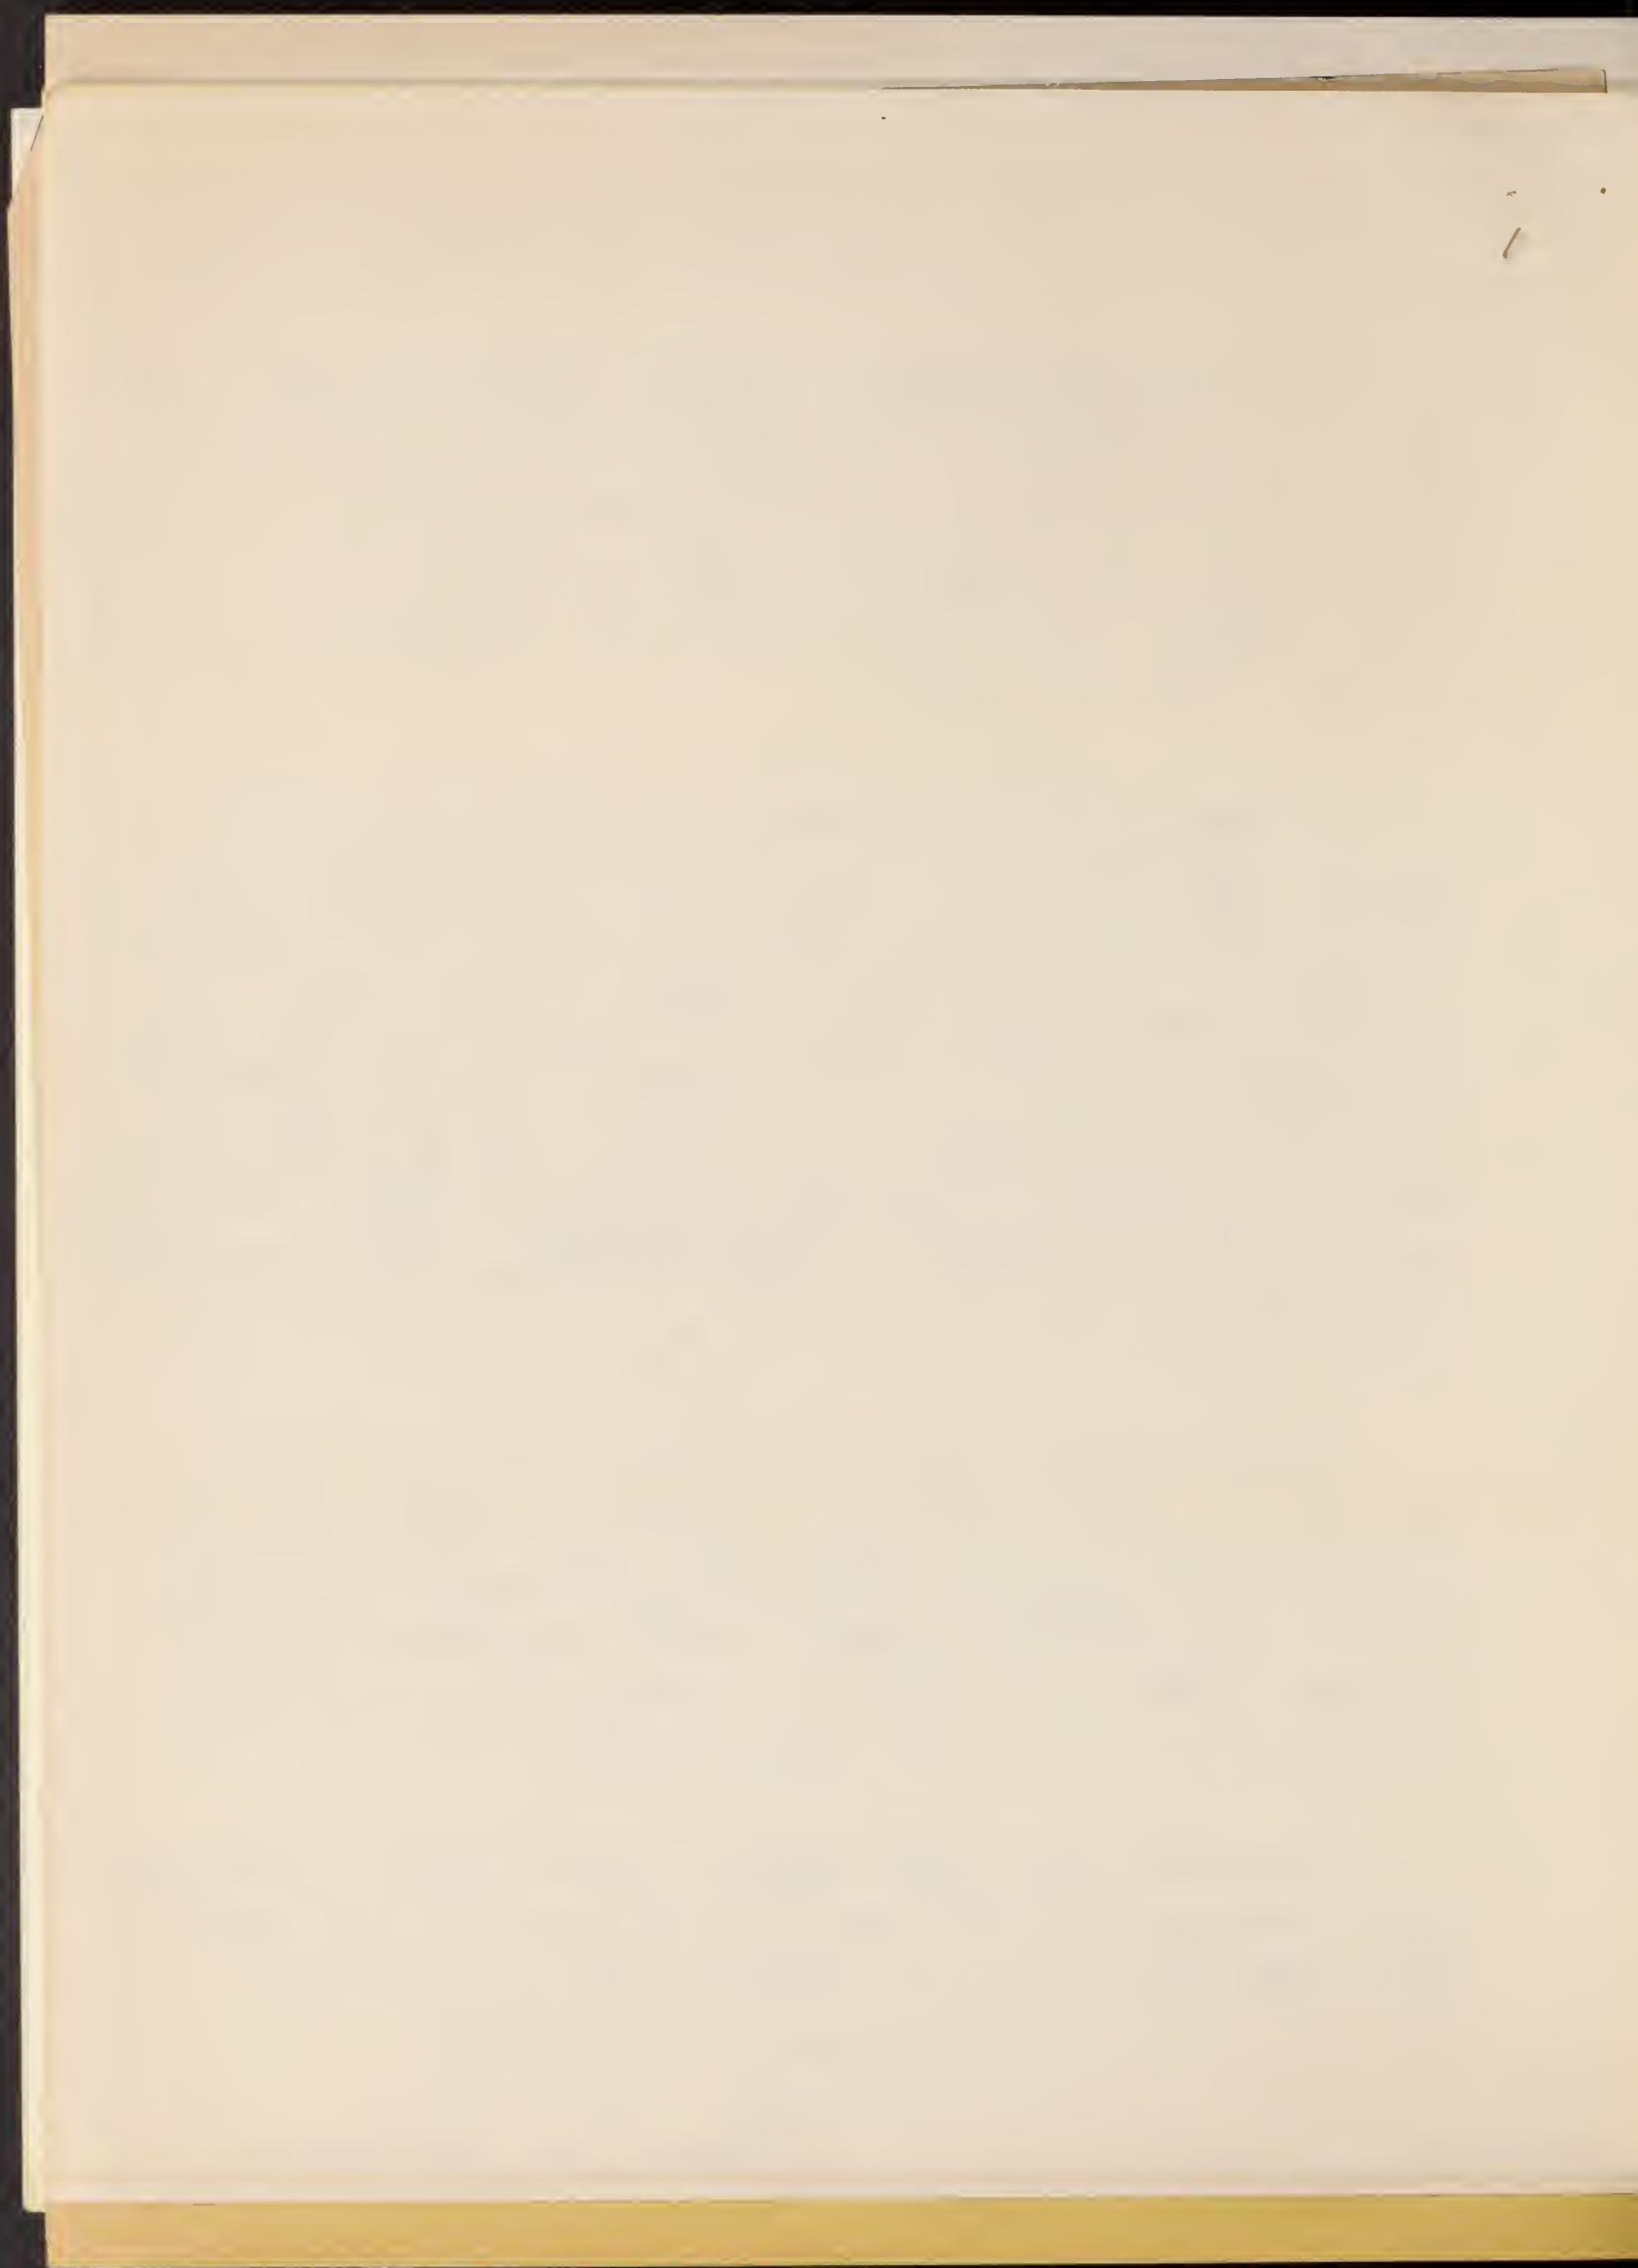

I have two problems first I would like to know the maiden name of Elizabeth wife of George Rutter. I believe it was Van Alstine. I remember my father telling me they were Pennsylvania Dutch and U. E. Loyalists. The names George and Elizabeth Rutter gave their children would suggest there was some connection between the Rutters, Van Alstines and Meyers.

Secondly I wish I knew more about William Broughton. I know that he came to Canada from Boston Massachusetts where he worked as a veterinarian, but I would like to know where he was born and who were his parents.

I would greatly appreciate any information you might give me as to where to look for the answer to these two problems.

Personal Notes.

George Rutter.

George Rutter was a hatter by trade and doubtless found some of his work in making "beavers" for the Quakers who were among the early settlers. His son John succeeded him in this occupation.
